To whom it may concern at the FCC:

I am a Proud Subscriber to XM Radio, and I want it known that I also am a Registered Voter, 50 years old, and I have never missed a vote since I was 18 and became allowed to vote. I believe that it is wrong for Congress to listen to Lobbyist with big bucks to shut down our freedom to have XM Radio and all that they can provide. Keep in mind that the Constitution / Bill of Rights, which gives us these rights was created by the people for the people. I'm asking that you do what you have to do to shut the Twisted Congress down if they try to stop XM from providing weather and traffic as they should have the freedom to do. I listen to almost all of the XM Stations from time to time and the weather and Traffic Channels are especially effective when traveling. XM Radio provides a wide range of variety and quality unlike any AM or FM Radio Station. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
